

RAHUL ENGINEERING

BETTER SOLUTIONS IN ONE STOP

INDUSTRIES WE SERVE

- Tyre Industries
- Rubber Industries
- Pharma Industries
- Plastic Industries

www.rahulengineering.in

Rahul Engineering is Leading Mould and engineering components manufacturer in the industry. We believe to give one stop solution to our precious customers. After entering in the market in 2005 we developed very quickly and now we are one of the leading companies in our industry.

MISSION

In any condition we will not compromise with our quality, and this is our motto as well to give best quality in the market and complete customers order in time is our priority.

VISION

We as a company growing very quickly in this industry we are targeting to do overseas work in 5 different countries as well as we will reach to almost 1000 customers in next 5 Years.

OUR SERVICES

RADIAL DRILL MACHINE

Dia - 500 x 1500
year-2024
Made in INDIA

JAEWOO VMC MACHINE

Bed Size - 1500 x 700 x 700
Bt 40 Rpm - 10000
Year - 2024
accuracy - 0.01mm
Made in INDIA

OUR SERVICES

CONVERSION LATHE MACHINE

Dia - 500 x 1500
year-2024 Made in INDIA

ACCURATE MAKE FIX CMM INSPECTION MACHINE

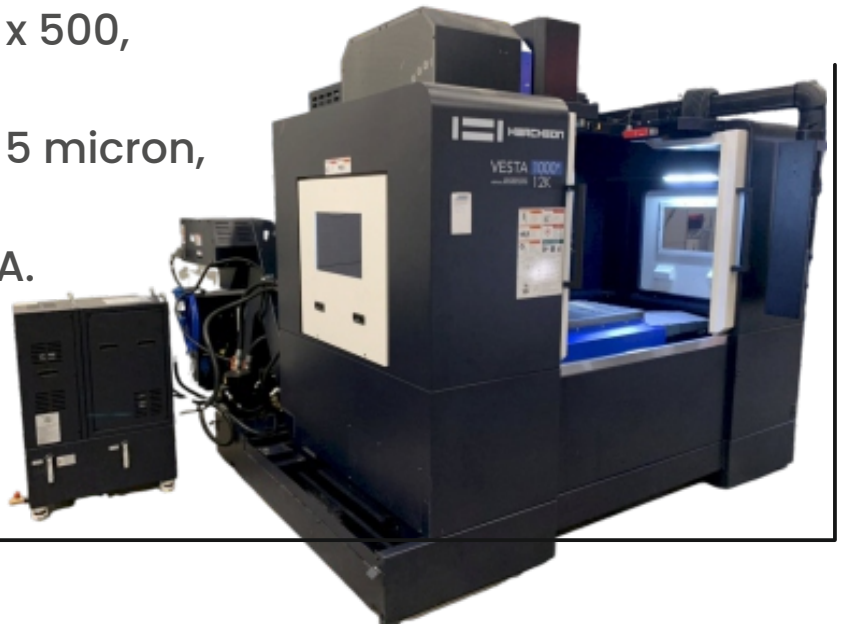

bed size - 1500 x 800 x 600,
Ranisaw 5th axis probe.
Machine year-2024,
accuracy 2 micron for
400 mm length.
Made in INDIA

OUR SERVICES

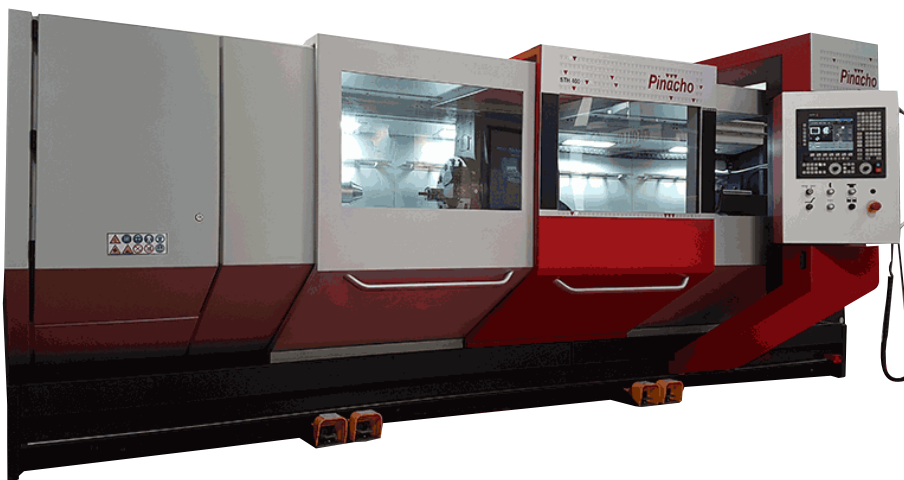

HWACHEON MAKE VMC MACHINE

Bed Size - 1000 x 550 x 500,
spindle rpm - 12000,
accuracy - less than 5 micron,
machine year - 2021,
Made in SOUTH KOREA.

PINACHO MAKE CNC TURNING MACHINE

OD-320 X 1800,
RPM - 2000,
MACHINING
ACCURACY LESS
THAN 0.1 MICRON.
YEAR - 2024
Made in INDIA

OUR SERVICES

CONVERSION LATHE MACHINE

Dia 750 x 3600 mm. Accuracy less than 0.1,
machine year - 2020 Made in INDIA

LMW MAKE CNC TURNING MACHINE

Od - 250 x 750 length.
Machining accuracy
less than 0.01 mm,
machine year - 2020
Made in INDIA

OUR SERVICES

COSMOS MAKE SURFACE GRINDING MACHINE

Table size -
1200 x 600 x 500,
MACHINING ACCURACY
LESS THAN 0.01mm,
Year 2023,
Made in INDIA

COSMOS MAKE VMC MACHINE

Table size - 1160 x 650 x 600
Bt 40, Spindle rpm - 10000
with oil cooler unit.
Machining accuracy less
than 0.01 mm machine
year 2024 Made in INDIA.

Accurate make handy laser scanner for job inspection and REVERSE ENGINEERING,

measuring length upto 4000 mm,
accuracy less than 0.02mm
machine year - 2024
Made in INDIA
